

Dear parents and caregivers

I have been informed that a student who has been self-isolating has tested positive for COVID-19.

This student has not been at school since Friday 20th March 2020.

Given the amount of time the student has been self-isolating, the Department of Health has said there is no risk to our school and therefore we do not need to temporarily close.

I understand this may be unsettling news, however I want to assure you that the safety of all students is our number one priority.

One of the best aspects of our school community is our ability to look after each other. The staff and I have been incredibly grateful for the calm and compassionate manner in which the Lynwood school community has responded thus far and I am personally grateful for the messages of support you have conveyed over the last few weeks.

Thankyou for your ongoing support at this time.

Kind regards

Geraldine Hardy
