YEAR 9						
STUDENT RESOURCES						
We are a BYOD school and as such highly recommend that students provide and Bring Their Own Device. Whilst there is no preferred device, we do have some specifications for parents to consider.						
DEVICE CAPABILITY						
Parents have the freedom to provide a device running any operating system. The device must however, at a minimum, be capable of doing the following:						
• Connecting to enterprise wireless (devices older than 4 years may not be able to do this). • Have the capacity to install Office 365 applications (Office 365 is free for all students). • Access CONNECT to complete classwork.						
MINIMUM SPECIFICATIONS						
We recommend the following minimum specifications:						
• 13th Gen Intel Core i3 or higher • 8GB RAM or higher • 128GB or higher • Recommended to be larger than 13" • iPads must have a keyboard cover						
Please be aware that some Android devices and Chrome books have had issues connecting to the school wireless system.
